philosophy of form follows function. From design to production and retail, ECCO applies the utmost attention to detail. Building their success on uncompromising quality, innovative technology and design.

By Malene Birger is a brand devoted to the contemporary bohemian – delivering long-lasting investment pieces with a conscious approach. The collections embrace an eclectic vision of Scandinavian minimalism,

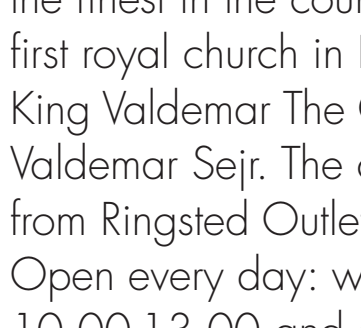

finding a niche where refined and elevated style meets free-spirited ease. Every design must serve an authentic purpose in the curated wardrobe of the By Malene Birger woman.
